

Clean Science and Technology Pvt. Ltd.

Office: 503, 5th Floor, Pentagon Tower 4, Magarpatta City, Hadapsar, Pune – 411013, MS, India
Tel: +91 20 26899953 Fax: +91 20 268988894 Email: sales@cleanscience.co.in Web: www.cleanscience.co.in.
Factory: Plot No. D-28 & D-26/3 MIDC, Kurkumbh-413802, Dist-Pune, M.S. India

PRODUCT SPECIFICATION

Trade Name: ANISOLE

Product Code: FG0003

Chemical Name:

Methyl Phenyl Ether, Methoxy Benzene

CAS NO. 100-66-3

EINECS NO. 202-876-1

Empirical Formula C₇H₈O

Molecular Weight 108.14

Specification:

| Test | Specification | Test Method |
|------------------|------------------------|-------------------------|
| Appearance | Clear Colorless liquid | Visual |
| Assay (Purity) | 99.50% Min. | GC |
| Boiling Point | 153 to 155.5 °C | Boiling Point Apparatus |
| Phenol Content | 50 ppm Max. | GC |
| Moisture Content | 0.1% Max. | Karl Fischer Apparatus |
| Iron Content | 5 ppm Max. | Thiocynate Method |

Packing:

-
- 200kgs in UN approved HDPE drums
 - 24 MT in ISO Tank
 - As per customer's requirement
-

Storage:

-
- Store in a cool location.
 - Keep container in a well-ventilated place. Keep away from sources of ignition and heat.
-

Applications:

-
- As an intermediate in manufacturing of dyes, pharmaceuticals & fragrances.
 - As a precursor to insect pheromones.
 - As a solvent in the synthesis of organic compounds.
-
